All of these stories made me want to read more!! When they ended I was thrilled to hv read it but ticked that it wasn't longer!!! Fraiser is really talented and her stories are as creative as ever!! I want more!!!

Reading these stories you come away with the feeling that these were possible "books" that Anne Frasier decided couldn't be developed. Don't let this stop you from reading her ideas. Some, are quite interesting.

I really enjoyed this collection of short stories. They were all very well written and some had an unexpected twist at the end. I discovered this author by reading the "From the Indie Side" collection. I look forward to more...

What a great collection of short stories. Would love to see a dew of them developed into novellas or even full length novels. These are only a chapter or two (maybe three) at the most, with just a tantalizing taste of the characters. All great reads with some snarky thrown in along the way. Loved it!

This collection fascinated me at every turn and Anne Frasier is at the top of my favorite authors list

now. I couldn't put her books down until I'd read the last satisfying word. Thank you, Anne.

Ok this was fun and easy to read through since the stories are short. I recommend for anyone who wants something light to read yet stuff too that makes you think.:)
