The Elder Scrolls V: Skyrim - The Skyrim Library, Vol. I: The Histories

Synopsis

For the first time, the collected texts from the critically and commercially acclaimed fantasy video game The Elder Scrolls V: Skyrim are bound together in three exciting volumes. Lavishly illustrated and produced, these titles are straight out of the world of Skyrim - and a must for any wandering adventurer.

Book Information

Series: Elder Scrolls V: Skyrim

Hardcover: 232 pages

Customer Reviews

The Elder Scrolls V: Skyrim is one of my favorite video games of all time over a dozen or so systems (including PC, of course). I have spent nearly 2,000 hours in the game thus far over three copies, and in saying that, I've never fully completed my in-game collection of books. I'm one of those people who actually spend my precious inventory space on books that I don't yet have on an in-game shelf, and will build an entire second house just for a library (since my first home's library space is usually taken by a child's bedroom, as any player of the Hearthfire expansion can attest to). There are dozens and dozens if not hundreds of books in this game alone, and I do read them. The only problem is that collecting entire collections of volumes in-game can be time consuming and like finding a needle in a haystack. recommended The Skyrim Library Volume 1 to me randomly. I hadn't known it existed and bought it immediately. What I received in the mail less than a week later was the coolest book I've ever owned. It's a beautiful hardcover book made to look very similar to the in-game version of "The Book of the Dragonborn". It opens immediately to a map of the entire province of Skyrim, followed closely by a table of contents listing titles that any Skyrim

player will recognize from in-game. The book also features art--quite a bit of it--from full page character artworks to art that was clearly drawn before the game was completed and helped shape it to look as it does today. While there is some violence and very, very light sexual content ("The Lusty Argonian Maid" is included in this book, and I couldn't be happier.
