# The Abandonment Recovery Workbook: Guidance Through The Five Stages Of Healing From Abandonment, Heartbreak, And Loss

## Synopsis

A powerful workshop-in-a-book for healing from loss One day everything is fine. The next, you find yourself without everything you took for granted. Love has turned sour. The people you depended on have let you down. You feel youâ™ll never love again. But there is a way out. In *The Abandonment Recovery Workbook*, psychotherapist and abandonment expert Susan Anderson explores the seemingly endless pain of heartbreak and shows readers how to break free; whether the heartbreak comes from divorce, a breakup, a death, or the loss of friendship, health, a job, or a dream. *The Abandonment Recovery Workbook* provides an itinerary for recovery. A manual for individual or support group use, it includes exercises that the author has tested and developed through her years of expertise in abandonment recovery. Anderson provides concrete recovery tools and exercises to discover and heal underlying issues, identify self-defeating behaviors of mistrust and insecurity, and build self-esteem. Guiding you through the five stages of your journey; shattering, withdrawal, internalizing, rage, and lifting; this book (a new edition of Andersonâ™s *Journey from Heartbreak to Connection*) serves as a source of strength. You will come away with a new sense of self; a self with an increased capacity to love.

## Customer Reviews

No one has addressed abandonment issues in a way that truly brings resolution . . . until now. Everyone goes through abandonment at some point in their life. The funny part is, because the connotation of abandonment is "leaving a child or family" for the most part, people do not realize

that's not the whole story. This book provides an all-encompassing perspective of what abandonment truly is: loss, rejection, being overlooked, bullied, ostracized, shamed, ignored, the list goes on. We've all been there. Someone hurts us - we feel pain. Sometimes horrific pain. How do we deal with the abandonment we feel? There is a way to get through and move on and it's all in this book. Simple and easy tools that help heal your heart so youâ™re not stuck. You become stronger and more confident so you can make good decisions and move forward with your life. The author's own life experience led her to discovering these tools that helped her heal and she now shares them with all of us so we may heal better and with awareness. This workbook is just that, a workbook. Follow it, DO IT, and move on to a better life for you and your family. It's not hard - you just need to read and do. Simple. Easy. Thank you Susan Anderson for bringing to the forefront a topic that has for too long, been swept under the carpet. If you have any questions about why a relationship ended, why you keep choosing the same type of people to engage with or how to heal from a loss of any kind, this will most certainly benefit you greatly on your journey.
