Cassava: Biology, Production And Utilization

Synopsis

Cassava is a major tropical tuber crop found throughout the tropics (India, Oceania, Africa and Latin America). Hitherto, there has been no single text covering all aspects of cassava biology, production and utilization. This book fills that gap, representing the first comprehensive research level overview of this main staple crop. Chapters are written by leading experts in this field from all continents. The book is suitable for those working and researching in cassava, in both developed and developing countries, as well as advanced students.

Book Information

Hardcover: 352 pages

Publisher: CABI; First edition (March 7, 2002)

Language: English

ISBN-10: 0851995241

ISBN-13: 978-1849196987

Product Dimensions: 6.8 x 1 x 9.7 inches

Shipping Weight: 1.9 pounds (View shipping rates and policies)
