Customer Reviews

I have always been interested in the Law of Attraction and although I have seen it work numerous times, I still love to purchase and read new books about it. This is a fantastic book, excellent read, and is so far the best, most comprehensive and clear guide that covers absolutely all you need to know about the Law of Attraction. Easy to read and comprehensive â “ I recommend it to anyone trying to live a better, meaningful life.

I love it when the author gives the best secrets of success, the most golden rule, and not a collection of recommendations. In this book, I found the perfect material to increase my attractiveness for success, profit, interesting people. I recommend!

We all want to be more attractive to people, whether it is to find our soul mate and life partner or whether it is to project the right image at work or just to grow our circle of friends and acquaintances. This book provides the perfect guide to help you to do just that. It is very well written, clear and concise, thoroughly researched by an author who obviously know his stuff. There is so much good advice in here with helpful tips and guidance. If you are looking to improve you and even change your life this is the book.

Reading this book gave me a deeper understanding on how the Law of Attraction works and how it can be beneficial for anyone. The author was able to discuss every inch of the details which goes around this principle. The seven secrets that was shared in this are not only useful but they were also attainable. The writing approach of the author was simple which made the book content's easy to understand. Interesting book to have!

This book is very helpful. I learned about consciousness and tips to become self aware. I get knowledge how to focus on strengths and to motivate ourselves. This book let me know to create balance for law of synchronization and harmony. I get tips to manage anger. i learned to accept failures to achieve success. I highly recommend this guide.

I have always been interested in the Law of Attraction and I always love reading Law of attraction

books. This book is very useful. Edward has done a great job. It was a very quick read about changing your mindset to attract positivity in your life. It helped me in many ways. I recommend this book for those who wants to achieve great changes in their life.

The law of attraction is quite well known and Edward W. Cooper does a good job of explaining what it is and how to use it. One of the most useful hints relates to the visualization of your success. It is worth persevering with visualization as many successful people use this technique. As he explains in the book, it is important for you to decide what you mean by success, as it is not necessarily related to wealth. The good thing about this law is that you can start now. Even if you don't understand the law of attraction, there are a lot of valuable messages in this book. The idea that you produce what you constantly think about makes a lot of sense. This book includes great advice, a great message and is useful in my life.

The Law of Attraction was a really great read, from start to finish. I was really happy with the way the author explained the details so simply and in terms that I could understand easily. I have purchased a few similar books in the past but none were as informative as this one. Overall, this book was extremely helpful for me and outlined all of the key success factors I was looking for. Highly recommended!
