# More Than A Bear Story

## **Synopsis**

In this true story set in the vast wilderness of Alaska, three men set out on a sheep hunting expeditionâ la seasoned guide, a hunter, and Wayne Burkhart, the young man hired to handle the pack horses. Traversing the unforgiving land, they make a terrible discovery. No longer the hunters, they were now the hunted.

## **Customer Reviews**

Based on a real bear encounter in the Alaskan wilderness many years ago , this short story is an entertaining read for sure. In his first work Mr. Burkhart has drawn the reader into a true life adventure that will illustrate the unpredictable nature of bears in the wild. A good tale, just enough adventure and not overly gory, as many of these stories can be. I can't wait to read his up and coming memoir, " Hand-Me-Down Memories" !

This was a very short story but very good. Only wished it had been much longer. Author did a very good job with the writing of this book. It was never boring and was very interesting through the whole story. Well worth the two dollars.

This is a true story with actual pictures of the events taken years ago. The story takes place back when men were men and I loved it from start to finish. His memory of the events and story telling ability along with the incredible action on this hunting trip was all terrific. Nicely done.

I bought this thinking it was about a bear attack. The bear attack is in there, but this short book actually is a memoir of a manâ™s life, including his Alaskan adventures. I enjoyed the memoir aspect of it. The author has had a rich, full life, much of it lived in our last frontier. This is not a spoiler: I am glad the author took time toward the end of the book to revisit the bear incident and try to make sense of what happened, why, and the relational implications. For \$1.99 this is a good read.

This was pretty interesting, before our move to Alaska. I know this family and use to walk to school with a couple of the boys until we moved out of town. I REALLY hate bears, especailly blacks because they never give up, at least with a Grizzly they will stop if you pretend you're dead, unless they are starving of course. Thankfully, I haven't seen any lately. Lots of moose in the yard this year because of the snow. Thanks for sharing your story Wayne, looking forward to more stories, and say hi to the family for me.

If you are expecting a lot of drama you will be disappointed. I wanted a first hand account of someone who lived in early, modern day Alaska and this book delivered. It is a fast read and I thoroughly enjoyed it.

A very interesting story especially to a person who appreciates the state of alaskamy only fault was the story was way to short I would have liked to know why his employer was so opposed to him having a handgun

Learned about book through local Palmer-Wasilla AK "Make A Scene" May newspaper article. The summary peaked my interest and price was right just to check it out. SO GLAD I DID>>>WELL WORTH IT! Great bargain for this great little nearby true-life Alaska wilderness adventure story. It was funny, suspenseful, and well written. I hope there will be further summaries published about the author's grandfather's experiences and memories.
