Customer Reviews

I loved this series so much. I haven't slept bit 2 hours a night for 3 nights because I couldn't put down any of the books. I stumbled upon this Author and she is now one of my favorites. The storyline is amazing, exciting, funny, sad, romantic. The characters I have fallen in love with. I was so glad as I finished this book to realise it wasn't the end.

I read all three books. I can honestly recommend them to anyone who enjoys a strong heroine who stays strong throughout the stories. I haven't read a book I've enjoyed more than this in a very long time.

I truly enjoyed reading this series. Each book kept me completely wrapped up in them, and I could not read fast enough. It's so refreshing to read an author whose writing is so clear and concise. Every sentence is important and that makes it much easier to feel and experience right along with the characters. No skimming over paragraphs here and there because they add nothing to the plot. These are books that I will return to read again and again!

Well written, fast paced. After the first book I had to find out what happened to the team of characters. Elise uses vivid imagery to bring her characters to life and has managed to create an excellent tension line which keeps you reading. Thoroughly enjoyable. I could not put this down.

If you gotta close a series, this is it. I appreciated the ending while still wanting the story to continue. I felt as if I was saying goodbye to people who were very familiar, if not close personal friends.

While this series has hot love scenes, they aren't every other page. The story is well written and full of twists that are as awesomely scripted as they are maddening. I finished this series in 4 days simply because I had to find out what happened to the characters. The characters are so enmeshed with each other's lives that you care for them all. I loved every snark, car chase, and rescue. Best series I have read all year. Will be placed in my kindle collection for multiple retreads. Unbelievable ending, now excuse me while I re-read it all again.

I've finished this book--the third in the series and all I wish for now is that there was a fourth...and fifth!! I've fallen in love with these characters and want their stories to continue. I read quite a few books and I've never left reviews before these--they really are wonderfully written, the characters so well thought out and described and you get attached to them! Great strong lead heroine in Emmy! Can't say enough good things about this series. You won't be disappointed if you read them.

Thoroughly enjoyed the series. Liked all the characters. Good plot and kept your interest. Could not stop reading it. One negative, eliminate the f word. Nobody uses it that often. Did not fit the characters.
