Customer Reviews

D. K., I really enjoy reading your stories as you know from my past reviews. You never disappoint this avid reader with your wonderful imaginative stories. I envy your ability to come up with such great plot lines and your story telling ability. Your stories are refreshingly interesting,entertaining,exciting,and intrigue. I highly recommend reading your stories to everyone interested in reading wonderfully spun tales. Thank you for entertaining me.

I felt like I spent the whole time not understanding what the hell was going on. I wish there had been

more world building but it was still a solid read, just enough to keep you turning the page. I will definitely be picking up the second book

Another great read with unexpected endings. You have to wonder when the author can come up with so many good stories, where he finds the inspiration. I, for one, am a happy supporter. Movie rating pg

I was hooked after the first three chapters. The book moves at a decent pace and manages to hold you just at the edge of understanding. I really hope book 2 holds true to the same.

I hope that Holmberg gives pre-dark abilities stories for other characters. This book was ok, but different than what I was expecting.
