Customer Reviews

If your an India cricket fan this book is for you. Would have gotten more stars if it was more impartial.

Writer has come up some interesting facts from Indian cricket history. Book gives glimpse of career of few prolific cricketers. recommended for cricket lovers.

I am not a big cricket fan! Started reading this book out of curiosity as the book talks about the cricketing legends. I must say that the reading becomes quite engaging once you read first couple of chapters. The book very artfully touches the important events in Indian cricket and contributions

made by Legends in the game of cricket. A must read for cricket fans, and an interesting reading for anyone who has any interest in the game.
