Always For You: Jack: A Sergeant Joe's Boys Novel

Synopsis

Praised by Susan Mallery as a bestselling author whose heartfelt, touching stories never disappoint, Alexis Morgan introduces Sergeant Joe's Boys: three brothers living up to a legacy of courageous military service and pursuing the women who have captured their hearts. No one understands family loyalty like Jack McShane. He'd do anything to honor his foster father's last wishes, even if it means putting his own plans on hold to manage Joe's construction business. An ex-Special Forces operative, Jack thrives on the thrill of globe-hopping rescues. But now he's needed closer to home. His foster mother has her hands full with a troubled teen, and when Jack meets the hired tutor, he discovers a woman who stirs his protective instincts and his deepest desires. Caitlyn Curtis knows that good looks can hide a hot temper. After an abusive marriage crushed her dreams of a happy ending, she swore off men until one intoxicating dance in Jack's strong arms breaks down every emotional barrier. Tough but tender, he leaves Caitlyn yearning for more of his gentle seduction. Despite the violence he's seen, Jack is a good man. And even though passion can be dangerous, the promise of Jack's kiss tempts her to believe that love is a risk worth taking.

Praise for Always for You: Jack

Engaging and charming, Always for You: Jack is a story of fulfillment, forgiveness, and passionate romance. The combined strength Jack and Caitlyn wield when facing anyone who threatens to break their bonds is incredible. I can't wait for the rest of the series.

—Vonnie Davis, author of the Highlander's Beloved and Black Eagle Ops series

[A] poignant and touching love story . . . I loved every minute, every word of it. This story really touched my heart.

—Books and Spoons Includes a special message from the editor, as well as an excerpt from another Loveswept title.

Customer Reviews

3 - "Don't be afraid to let a little happy into your life." Stars. Didn't love it, didn't hate it.

Always For You: Jack, is one of those books that wasn't a huge struggle to read, but as it progressed I found myself asking a few questions with regards to the writing style, characterization and the path the story took. "You're a nice man." I think my main issue is that I had real problems trying to see Caitlyn and Jack as people in their thirties, firstly the language and conversation between them is pretty stilted and lacking emotion, but also I just really struggled to see people of the age they are meant to be portrayed as behaving and conversing they way they did. Old fashioned writing, not fitting with the younger characters it is being attributed too. You could almost put Jack back in the fifties and sixties he was that much of an old-school gentleman, which there is absolutely nothing wrong with, but if you are setting your book in the modern day it's just not going to sit right with today's societal norms. "Let's enjoy every moment we can." I liked the inclusion of Ricky into the story, a troubled child always adds an extra and usually emotive factor to a book, and although it did produce a little readerly feels at points, I really struggle to get any emotion from anyone for most of this book. There was a little bit right at the very end where everyone loosens their corsets a bit... Sorry I meant belts, but for want of a better word it was all very superficial in its telling and delivery. I never really felt we really got into the heads of any of the characters that much more than a cursory glance. "We might not have been born family, but we've become one anyway."
