How To Prepare For A Hurricane Or Tornado: Your Emergency Essentials Guide For Hurricane Preparedness And Tornado Safety Planning

Synopsis

If you want to be sure youâ™re properly prepared for the next big hurricane or tornado, then this book is for you! Today only, get this incredibly useful guide for only \$2.99. Regularly priced at \$4.99. Read on your PC, Mac, smart phone, tablet or Kindle device. We live in a very beautiful world, complete with lush forests, sparkling rivers, majestic animals and bold mountains. But in all this beauty is Mother Natureâ™s ugly side. Storm preparedness is crucial, especially for the two natural disasters that cause the most damage in the US: tropical storms and tornados. Tornados frequently ravage through the Midwest, causing billions of damages every year, but they can happen just about anywhere. Being prepared takes into account a lot of factors, and unfortunately a lot of people donâ™t conform or just donâ™t care, believing that it wonâ™t happen to them. But storm preparedness is not difficult, and it will ensure that loss of life and property is minimized. The fact that youâ™re reading this shows that you are concerned about storm preparedness, as you should be. Letâ™s now get started discussing the various ways in which one can be properly prepared for the next big storm. Here Is A Preview Of What You'll Learn... Stocking Up On Basic Items and Emergency Supplies Review (and Adjust) Your Insurance Coverage Battening Down Creating an Evacuation Plan Staying Updated Much, much more! Download your copy today! Customer Reviews

Disaster preparedness refers to measures taken to prepare for and reduce the effects of disasters. That is, to predict and, where possible, prevent disasters, mitigate their impact on vulnerable populations, and respond to and effectively cope with their consequences. This ebook contains all the important information especially during emergency situation. A great help and I recommend this ebook everybody.

I found this book really helpful when preparing for natural disasters like tornadoes and hurricanes. People are too busy nowadays to prepare for emergency kits and emergency plans for moments like this. Everyone should know how important it is to be prepared because it might be the only one that will save your life and your family. Good read.

I have been procrastinating in getting prepared for storms so I finally picked up this book as I was feeling overwhelmed by the process. The author really broke everything down into easy steps. He not only mentioned what to do/get but why so everything made sense.

Straightforward and practical overview of what to do when the tornado strikes. This guide keeps it nice and simple giving you the absolute essentials of what to do to be ready for when the worst happens.
