Customer Reviews

The book is in an orderly format. Easy to read & is good for just skipping around & reading the facts at a glance then you can go back & read it in order if that is your style. There is no 'story' just titled and accurate facts interesting enough for the veteran Iditarod fan or the newcomer. I wished I'd purchased this book years ago.

If you're a facts junkie this is the book for you. Every race, every racer. Great reference or bet settler. Greg

This book is good for beginners, but don't be fooled it is packed with history a good information.
