Honor Of A Scottish Warrior (The MacLomain Series: Later Years Book 2)

Synopsis

Born and raised in South Boston, Nicole is tougher than most. Fearless some might say. Even in light of the fact she might be going deaf. Then her courage is put to the test when her Broun lineage introduces a whole new reality. Time travel exists. Evil awaits her in medieval Scotland. And the newfound Claddagh ring on her finger? It means she has no choice but to travel back to the thirteenth century. Straight into the arms and under the protection of a man she would rather never see again. Cousin to the Laird, Niall MacLomain wants nothing more than to keep the future King of Scotland safe. Regrettably, that also means keeping safe a headstrong lass from the future. But his honor means everything. No matter how exasperated, he swore no harm would come to Nicole. However, protecting the feisty redhead ends up stirring his blood in more ways than one. When Niall and Nicole come together, sparks fly. Excitement. Strife. Desire. But not love. Never that. Determined to work as a team to keep little Robert the Bruce safe, they embark on a non-stop adventure. With help from the MacLomain's Viking ancestors, they might just stand a chance against Brae Stewart and her villainous partner. More than that, they could very well discover that they fare far better together than they ever did apart.

Customer Reviews

And the story continues. I can't seem to get enough of the MacLomain family and was not disappointed with the newest generation. These are the men hot highlander dreams are made of. Can't wait for the next one.

Even though I love the book and am loving this series I don't care for the personality of Nicole. I think she could have been just as strong without the crude comments and the constant drinking. I loved the ending and it was everything I hoped. But I think this deserves the rating I gave it because I know you will enjoy it as much as I did.

What an amazing storyline loved it and was so glad that Naill met his match in Nicole now I can't wait to read Roanons story next, thank you so much for the adventure!!!!

I just love the magic, some Dragon shifters, a wonderful wizard and a Braun lady. Book two in a four book series. Add Baby Robert the Bruce and it was hard to put down.

By:snakerivermama7@yahoo.com Sky Purington hands down is the Queen of Scottish time travel romances! This series is one I never want to end.

I gave this book a four rating because it was a good story and I enjoyed the characters and how they grew

Enjoyed this read. Lots of action & mystery! Thoroughly enjoyed it.

Sky Purington is a great author. I've read all of her books.
