He is very good at demystifying mantra and making it accessible to those new to Sanskrit and mantra. Loved his pronunciation guide and explanations. However, the Kindle audio link does not work!! I brought this to the attention of 's customer service twice. They said they would remove it until they sorted it out. It is still there, and STILL does not work! I dread calling their awful customer service people again - they can't seem to understand simple statements, and I have to repeat myself 5-6 times to different people. So frustrating! Two options are offered: downloading and streaming - neither works!Update:I just tried chat help. No less delightful:You are now connected to from .comMe:Audio does not work - 3rd complaint - NOTHING done:Hello ,my name is Himanshu.I'll be happy to help you today.Me:Which country are you located in?:Mee ,I am from indiaCould you please elaborate your concern, so that I could understand and fix the problem for you?Me:The "Soundstrue" audio does not work in Mantra Meditation by Thomas Ashley Farrand:Mee ,Are you facing any issue with kindle device?Me:I spoke twice with customer service. Mantra is a near exact science where phonetics play a rather important part. I read this book by Thomas Ashley-Farrand and was extremely disappointed. Though he copies extensively from various existing literature on Mantras, it is clear he is yet another of those Western enthusiasts who learned a bit and then ran away to make a few bucks. It is ridiculous that he assumes the title 'Vedacharya' when he lacks even an elementary knowledge of DevanĀgarĀ«.Let's start with his Kubera Mantra. He takes a highly distorted form of Kubera Vidya, a form of SrĀ«vidyĀ• mantra, the most celebrated mantra in Tantra, and presents it with every letter distorted.Most of the mantras he writes in his books are NĀ•ma (name) mantras, where the names of various deities are repeated in caturthĀ« vibhakti adding namah to the end - this is a general practice of veneration by most Hindus. Yes, taking the names of deities can be powerful as NĀ•ma Japa or remembrance of the name of God, but it is hardly considered a true 'Mantra'! Take for example what he quotes as a 'Shiva' mantra - Om Sarva Kamadaya Namah. This is an epithet found in the SahasranĀ•ma (litany of thousand names) of every male deity!He then butchers the famous MahĀ•gaá ¢apati Mantra by omitting a crucial OM at the beginning.There is another weird New Age mantra he comes up with - Aham Prema. This sentence is a terrible botch on every grammatical rule of Sanskrit! I have never

come across this mantra in the Veda, Purāṇa or Tantras. This is supposedly meant to convey 'I am Love' - of course, constructed in extremely faulty Sanskrit. The Dhanvantari mantra he writes: Om Sri Dhanvantre Namah.
