Health Of The Human Spirit

Synopsis

Health of the Human Spirit, Second Edition: Spiritual Dimensions for Personal Health is a thoughtful examination of the ageless topic of human spirituality. It addresses the need to acknowledge spiritual wellness as a vital dimension of the general health and well-being of the individual and examines the dynamic balance between mind-body-spirit health and the roadblocks and distractions on the spiritual path. Dr. Seaward includes many behavioral suggestions to enhance the health of the human spirit. He presents the material in an approachable, user-friendly manner by engaging the reader and carefully distinguishing the differences between spirituality and religion.
