Dark Instincts (The Phoenix Pack Series Book 4)

Synopsis

It happens whenever wolf shifter Roni Axton is near Marcus Fuller: a crackle of sexual awareness that's intoxicating and deeply annoying. Marcus is a pack enforcer who oozes power, but Roni is lethal in her own right—nothing like the flirty females who flock around him. Even still, his possessive gaze makes one thing clear. Marcus has singled her out for seduction, and he wants to make her sit up and beg. No matter how aloof and unfazed Roni acts, Marcus can tell she wants him. When a brutal attack by a jackal pack forces them to work together, it's the perfect opportunity for Marcus to chip away at her defenses—until he falls into his own trap, completely unprepared for the intensity of their connection. Roni is the only one who's ever seen past his shifter charm and discovered the man hiding beneath it. And for Marcus, claiming Roni once will mean needing her forever.

Customer Reviews

In the fourth Phoenix Pack book, Roni Axton (the sister of Nick Axton, hero of book 3). She's been in an accident with her brother's mate and godson, and attacked by jackals. This brings her into closer contact with the enforcer from the Phoenix pack, Marcus. Marcus has been working on Roni's defenses for a while now, trying to get closer to her and to have her any way he can

get her, whether sheâ™s his true mate or not. And of course, romance happens. The Good, The Bad and Everything In Between- This may be the best of the Phoenix pack series : Iâ™ve liked the snark and the smex in the earlier books, but I think this is the one where it all starts to come together. The â™verse is expanding and thereâ™s an interesting outside enemy in the jackals and their complete disregard for all life. In addition, the relationships between the Phoenix and Mercury packs have really started to gel and feel more realistic (loved Roniâ™s pranks on her brother Eli), adding a nice emotional layer to the overall series. I will say that it would probably be difficult to read on its own, since there are so many characters from previous books.- Roniâ™s delightfully straightforward and socially awkward : Roniâ™s a dominant female shifter being driven crazy by her overprotective brother and emotionally distant mother. I really enjoyed her lack of BS. Sheâ™s insecure at times (not often) but never whiny about it.- Marcus is a fantastic gamma type of hero : heâ™s alpha is all the great ways, and beta in the way he was completely and utterly secure in himself and supportive of Roni. He didnâ™t push to dominate and protect, but supported her as she helped herself. It was lovely.
