Customer Reviews

I have only read one book in this box set and my review is given below. As and when I read the other books, I will leave a review accordingly. This is a review for: Gifted to the Angel - 4 Stars Cole is an angel that has the ability to shift into an animal form; mainly unheard of and the main reason he was chosen as the new leader of New Bad Axe; Lauren has been able to identify him on the battlefield. Cole is also a seer and is able to see the future through dreams. Lauren is a Gifted, only one of a handful of triple gifted in existence â€” a zapper, levitator and a spinner, a latent Gifted whose power has been activated by pregnancy. Cole wants to get to know Lauren better, which is the sole reason he abducts her from the battlefield, not for her Gifted abilities. He has seen her in his dreams, but these dreams end abruptly when Lauren arrives in North Haven. Lauren is pregnant, but how can that be; Cole has asked her to trust him for a while longer and then all will be revealed, but before he is able to explain, Lauren discovers that he has lied to her and betrayed her trust by being dishonest, but can she forgive him? Cole is a man who protects his community, vulnerable people and those he loves. But he will not tolerate abuse on women, and has a system in place for those that break the rules. Dominic has committed his fourth offense and has to pay the price; Cole expects retaliation and an attack by his brother, Bennett. There are traitors in the camp intent on helping Dominic, but Cole will not allow Lauren to help with her Gifted skills; what if he should lose her.
