## **Customer Reviews**

If you have taken up the challenge to "Find Your Park" this year be sure to pick up this handy guide to surviving your trip. As a National Park groupie I can attest that people do the strangest things when they visit the parks. This guide will gently remind you how to stay safe and preserve the wildlife you came to see.

This digital "pocket guide" offers tips, statistics, and useful information to help keep you safe during a wilderness adventure, along with whimsical artwork depicting the types of scrapes you might find yourself in while touring the national parks. Each illustration is an individual work of art that makes

this survival guide not only useful and informative, but also endearingly charming. I hope they release it in print, I think it would make a lovely little gift for any outdoor enthusiast.
