'Til Death Do Us Part

Synopsis

The author of the New York Times bestseller *Garden of Lies* returns to Victorian London in an all-new novel of deadly obsession. Calista Langley operates an exclusive introduction agency in Victorian London, catering to respectable ladies and gentlemen who find themselves alone in the world. But now, a dangerously obsessed individual has begun sending her trinkets and gifts suitable only for those in deepest mourning—a black mirror, a funeral wreath, a ring set with black jet stone. Each is engraved with her initials. Desperate for help and fearing that the police will be of no assistance, Calista turns to Trent Hastings, a reclusive author of popular crime novels. Believing that Calista may be taking advantage of his lonely sister, who has become one of her clients, Trent doesn't trust her. Scarred by his past, he's learned to keep his emotions at bay, even as an instant attraction threatens his resolve. But as Trent and Calista comb through files of rejected clients in hopes of identifying her tormentor, it becomes clear that the danger may be coming from Calista's own secret past—and that only her death will satisfy the stalker...

Customer Reviews

'Til Death Do Us Part is deliciously atmospheric and oh so much fun to read. Amanda Quick has deftly blended romance, mystery, and Victorian London's obsession with death and spiritualism

into one captivating tale. I've been a fan of Ms. Quick's work for years, and 'Til Death Do Us Part is quite different in tone from her historical romances that I devoured in the '90s. What remains the same are the characters at the heart of the tale: smart, unique people who don't fit into the molds society would put them in. Calista Langley is a businesswoman ahead of her time. She runs an "introduction" agency, where intelligent, like-minded people can meet and form friendships and perhaps even find romance. Calista has made a good life for herself and her brother, but when someone begins to send her momento mori (items made for those in mourning) with her initials on them, she's shaken. It's clear someone is stalking Calista, but she doesn't know why. Luckily for her, Calista has just made the acquaintance of Trent Hastings, author of the popular Clive Stone detective novels. Though their initial meeting doesn't go well, the two of them are intrigued by one another, and when Trent learns of Calista's stalker, he insists on helping her. On their own, Calista and Trent are incredibly appealing characters. Both of them are hardworking and intelligent, and though Trent is a bit rough around the edges, it's clear that he, like Calista, has a good heart. Neither of them are perfect, and that added to their appeal. What's more, Trent charmed the heck out of me with his wry sense of humor and the trials and tribulations that go along with being a popular author. As a couple, Trent and Calista are fantastic.
